The Winter Carnival At The Seminary Interesting Affair

Despite unfavorable conditions, the winter carnival at Northfield seminary was held last Saturday at Perry Pond on the seminary campus. The rain and rising temperature of Friday made the footing precarious but ski and skating events went off as originally planned. First event on the program was the cross country ski race won by Dorothy H. von Haasch of Bridgeport, Ct., with Marcia A. Lounsbury of Sisbury, Ct. second and Jean Lacey of Mt. Vernon, N. Y. third. Following the finish of this race attention centered on the royal procession and the entrance of the carnival king and queen and their four attendants. The carnival queen was Barbara Marchat of New York City, the king was Janet Bryan of Salem, N. J., and their attendants were Marjorie Meadows of Molden, Camilla Rikert of Mt. Hermon, Elizabeth Osbourne of New York City, and Bobbie Mundhenk of Arlington, N. J.

After the crowning of the king and queen the ski obstacle relay race was held on a steep slope nearby. Girls from the various dormitories competed in relay teams, the object being to run down the slope and climb thru a barrel without removing their skis. The first team to finish was West Marquand hall, with East hall and Revell-Holton hall tied for second place. The next event was the cross country snowshoe race and first across the finish line was Joan Atwater of Roslindale, second, Barbara Chapin of Southbridge, and third, Lois Danielson of White Plains, N. Y. The ski open race was won by Grace Webster of Syracuse, N. Y., with Hazel Batchelor of Chappaqua, N. Y. second, and Roberta Wheeler of Great Barrington, third. Joan Atwater also won the snowshoe open race and Ann Sharpen of Wallingford, Ct., and Virginia Osbourne of New York were second and third respectively.

In the figure skating competition on Perry Pond, Mary Elizabeth Heitman of Syracuse, N. Y. was first, Jane Pollard of Northampton, second, and Ann Morse of New Britain, Ct. third. After an excellent skating exhibition by Mr. and Mrs. Robert LaBarre of Greenfield and a skating relay race between the dormitory teams contestants and spectators gathered at the throne of the king and queen for the presentation of awards. All during the afternoon's events the judges of the snow and ice sculpturing were busy studying the figures fashioned by the girls of the various dormitories. Their final decision gave first prize to East Gould Hall, with West Marquand and East Marquand following close for second and third prize.

Garden Club Decide To Have Flower Show The Coming Summer

A most enthusiastic gathering of the members of the Northfield Garden club was held on Monday evening in the vestry of the Unitarian church, when the women of the church served a most appetizing supper to nearly a hundred persons. After the supper, a short business session was held, when plans were proposed for the holding of another flower show this summer at the Chateau of the Northfield hotel. The vote was unanimous and committees will soon be named to carry out the project. After the business session a most unique entertainment was carried out by the committee in charge, Mrs. Allen H. Former Beloved Nurse To Many Hermonites Passes In Death

Miss Lydia R. Speakman, who retired in 1931, as head nurse in charge of the infirmary, Dwight's Home, at Mt. Hermon school, after a service of 30 years, passed away last Sunday night at her home on Winchester road. She was 78 years of age and her illness was sudden and of only a day's duration. Miss Speakman was one of the few remaining associates of Dwight L. Moody, founder of the Northfield schools. She was born in Pennsylvania and came to Mt. Hermon to the home of Mr. and Mrs. William R. Moody, who then resided on the campus, and was with the family when their young son Dwight was born. She remained with them until his death and then became head nurse at Dwight's Home, named and built in honor of the young man. Through her simple life, filled with religious zeal, and her devotion to her work, she influenced the lives of hundreds of many former Hermon students, who loved her and spoke of her most affectionately. She had helped many of her "boys" back to health and happiness, and her home, a partial gift of many friends, was the mecca of many, when they revisited her. The funeral service was held on Tuesday afternoon in Mt. Hermon Memorial chapel, with Rev. Glover Johnson, officiating and Dr. Stephen Stark of Boston, a former member of the Hermon faculty, the speaker. Carlton W. L'Hommiedieu presided at the organ. After the service the body was taken to the home of her birth, and burial was in the cemetery at Chatham, Chester county, Pa.

When lovers, far apart,
Would pine and languish

The Spring Knapack Announces 1941 Tours

The new 1941 Spring Knapack of the AYH will soon be issued to hostellers planning to travel this summer through Mexico, Canada, Alaska and South America, or about the eight regions of the United States where hostels are established. Announcing 12 trips sponsored by the national office and various regional trips, the Knapack includes travel stories on Mexico, California, and the transcontinental Rolling Youth Hostel, as well as travel bigliography and equipment suggestions.

The Youth Hostel brings to members of AYH sponsored groups the benefit of its many years of experience in American and foreign travel. Sponsored groups consist of ten boys and ten girls and are conducted by a leader selected by headquarters. Members plan their own itinerary and learn to budget their \$1 a day. Equipment on a hostel trip is reduced to the contents of one knapsack or pair of saddle bags.

The total cost of each trip includes a registration fee as well as transportation, a leadership fees and living expenses. Total costs of AYH trips vary from \$95 (New England, Montreal, Quebec trip) to \$430 (South American tour).

Leader of the Alaskan tour is Fritz Kaufhold, member of the National staff and head of the travel department at Northfield. Mr. Kaufhold has hosted for many years both in Europe and America. In 1939 he led the Mexican group.

Louise Fewell of Philadelphia and Clement Mottet of Hartford are conducting the South American tour and Frank Oldham, teacher in the high school of Audubon, N. J. the Mexican tour.

Crop And Feed Loan

John J. McDermott, field supervisor for the Emergency Crop and Feed Loan office advises that farmers who desire to apply for crop and feed loans for the 1941 season should arrange to file their applications with him Thursday, Feb. 20, at Greenfield, 9 a. m. to 4 p. m. County Agent's office, Court House.

The maximum amount of loans for crop production purposes under the Farm Credit Administration Act is \$400. Farmers who cannot obtain credit from other sources are eligible to apply. A crop mortgage is taken on the 1941 crops, and is due and payable Oct. 31. The interest rate is 4 per cent.

Since checks for approved applications are issued by the regional office at Springfield, those who desire loans from this source should make application now so loan checks may be received when needed. At the request of the borrower, issuance of the check may be deferred until desired. Interest runs from date of check and not from date of application.

Interest runs from date of check and not from date of application.

Snow Flakes

Dainty frailness coming down,
Cool kisses from above;
Amid the surging clouds they form,

As gentle as a dove.
Perfect lustrous diadems
Of vapor molecules,

Pressed and flattened into shape
Where winter's coldness rules!

Fragile, star-like tabulars
In varied shapes and true;

Feathery hexagons

That form beneath the blue!
They make, when close together

pressed—

These evanescent flakes
Upon the tree or window sill—
Chill winter's frosted cakes.
And when deep white has changed

the face

Of plain or mountain high,
We marvel at the volume of

Such beauty from the sky.

Even Cupid Must Eat

By BETTY BARCLAY

Here are some recipes that will be appreciated by those who are celebrating St. Valentine's Day by having a family feast or a frolic with friends:

Valentine Punch
1-1/2 lb. 4 oz. can sour pie cherries
6 whole cloves
1 stick of cinnamon
1/2 cup light brown sugar
4 cups canned unsweetened

Hawaiian pineapple juice
Red vegetable coloring

Pour cherries and their syrup in a saucepan. Add cloves and cinnamon and bring to a boil. Add sugar and simmer for five minutes. Strain mixture through a fine sieve and chill sieved mixture. Combine with pineapple juice, which has been chilled in cans before opening. Add a few drops of red coloring, or enough to make the mixture a bright cherry color. To serve, pour over ice cubes in glasses. Yield: Eight 6-ounce glasses.

Carotene Salad
Toss together lightly with 2 forks:
1 1/2 cups orange pieces
1 1/2 cups finely cut carrot
1/2 cup raisins

Add desired salad dressing to moisten. Serve on lettuce or shredded cabbage and garnish with 1/2 cup chopped peanuts. Serves 6.

Basta Fazoul
(one dish meal)
2 cups cooked, dried Limas
2 cups tomato sauce or strained
fusisions

1 tbs. spoon chopped onion
1/2 pound spaghetti
6 tablespoons bacon fat
1 teaspoon salt
1/2 teaspoon pepper

Cook the spaghetti in boiling salted water until soft and drain. Divide the onion in the fat, add Limas and spaghetti. Mix well. Add the bacon fat and the spaghetti. Cook over low heat until the spaghetti is tender. Add the tomato sauce and the fusions. Sprinkle with salt and pepper. Serve hot.

A children's variation is to cut marshmallows into very fine pieces and arrange in the outline of a heart on top of each rennet-custard just before serving.

Cupid's Brew
6 cups freshly brewed
decaffeinated coffee
1/2 cup whipping cream, whipped
1/4 teaspoon cinnamon

Top hot decaffeinated coffee with a spoonful of whipped cream into which the spices have been folded. Sugar may be served with the coffee if desired.

Serve decaffeinated coffee at your Valentine's Day party and your guests won't be worried over sleeping problems later on.

Magic Valentine Candies
3/4 cup (7 1/2 oz.) can sweetened
condensed milk
1/2 teaspoon vanilla

4 cups sifted confectioners' (4X)
sugar (about)

Mix sweetened condensed milk and vanilla. Add confectioners' (4X) sugar gradually, mixing until smooth and creamy. Makes 1 1/4 pounds. Roll out on a slightly sugared board about 1/4 inch thick. Cut with a small heart-shaped cookie cutter. Decorate with motives, such as "To My Love," put on with a water color paint brush dipped in melted chocolate.

You'll be sure of a gay St. Valentine's party if you start your games off with one of the new parlor games that are easy to learn.

Circlegaman, an exciting new development of backgammon or Dog Fight, the new airplane maneuvering game played on a vertical board are sure to be party successes.

NO CHURCHES

A recent small group in town, were discussing the value of the churches in the community and what they meant in the life of the citizens. All agreed that they were our most needed institutions. They give hope to the individual, inspire faith, and serve in helpful living. What would any community be if there were no churches and just what could be accomplished if there were no organized Christian activities. We are called to give of our income in its support and of our time, in forwarding its purposes. It takes both money and time to maintain these Christian institutions, but it is worth all the effort. The church is doing the work of the Lord in forwarding spiritual values in the world today as it has in the past.

NEGATION NOT PROGRESS

I have been following the "gabfest" of the politicians in Washington who are supposed to represent their constituency, in the discussion of the "aid to Britain" measure. The bill has gone through the House and is now before the Senate, but the record thus far of its supporters in the Republican ranks is surprising. Is the Republican party the party of negation, God forbid. Negation never accomplished anything and if now in the Senate, the Tafts, the Vandenberg, the Landons and the Lindberghs want to "fiddle while Rome burns," they should be told that the rank and file of Republicans will dump them in the rubbish of oblivion and create a new and constructive political party, able and ready to forge ahead for a united nation and a united peoples.

Highway Mail Service

A postoffice on wheels, similar in service to the present railway mail service, is being inaugurated by the post office department this month in this country. A large six wheel bus, with the interior arranged similar to a railway car for the receipt and distribution of mail runs over state roads and picks up and leaves mail at the various local postoffices. The routes are designated and are those not reached by the railroad or on routes where rail service has been abandoned. Perhaps in the near future this service may be extended to reach all small postoffices away from railroad conveniences.

The Back Yard Gardener
By G. O. Olson

You folks read and hear considerable these days about what we should eat in order to have good health. Bill Cole and I drew up this motto which we think is a safe one to follow, also very pleasing and satisfying. It is to eat whatever you want, whenever you want it, and all you want of it.

You see, I'm sort of easing around to, that if you have a home garden you can eat all the vegetables you want when you want them. And of course the nutrition folks will agree with me that vegetables are one thing we should eat.

In one of my ramblings I visited the Farmers' Market in Cambridge, interested in seeing how they handle things there. I was talking with one of the seedsmen and he informed me that quite a number of seeds are rather scarce this year.

Well, the result was that I came right home and am making out my seed order for the vegetable garden. Always being an inquisitive sort of a guy I'm going to try out some of the new varieties which the folks at the Waltham Field Station recommend. You see they really test them out down there and know what's what.

For green bush beans try Plentiful. The old standbys are Bountiful, Stringless Green Pod, and Tender Green. This Plentiful isn't superior to Bountiful, but it's more resistant to rust.

For pole beans, Kentucky Wren-

der is still the standby. For lima beans they recommend Baby Potato Bush Lima which was the All-American winner in the 1940 trials. They recommend it for those who find lima beans difficult to grow.

Beets—try Cyclo Egyptian.

Cabbage—a new one recommended is Green Acre, and as the name indicates, it's slightly greener than the old standard, Golden Acre. Red Acre is excellent if you like the colored cabbage.

For carrots for home gardens and roadside stands they recommend these two new varieties—Red Heart and Golden Heart.

In sweet corn, Spancross ripens in about 70 days and is a wilt-resistant hybrid. Joanna is a new late hybrid of excellent quality, good size, and prolific yield.

Eggplant—Minnow and New Hampshire Hybrid. The seed of the former is rather scarce.

For lettuce they say New York No. 12 is standard, although Cosberg is a new lettuce of extra high quality.

Parsnips—Hollow Crown.

Pear—World's Record for early and Alderman for late.

Pepper—Early Wonder. This is more or less like the older one, California Wonder. Some seedmen add their own prefix, such as Harris' Wonder. Another one, worth trying is Waltham! Who worth trying is Waltham Beauty, developed by the Field Station.

Radish—Scarlet Globe.

For squash you might try these: Early Yellow Pacific, Yankee Hybrid, or Butternut. The latter is similar to Des Moines but is very superior in quality.

Bloomdale for early and Summer Spinach—Long Standing Savoy for later plantings.

And for the old standby—red, ripe, rich tomatoes they suggest the variety Victor. This particular variety produces a very small plant and can be planted rather close—in other words, 2x3 feet, but should not be trellised. That ought to help some, although I personally like to grow trellised tomatoes. For the latter they suggest Bonny Best.

For green bush beans try Plentiful. The old standbys are Bountiful, Stringless Green Pod, and Tender Green. This Plentiful isn't superior to Bountiful, but it's more resistant to rust.

For pole beans, Kentucky Wren-

Know Massachusetts
Compiled by
State Planning Board

Do you know that the 1940 census shows that Massachusetts in the year 1939 continued to hold its position as seventh largest industrial state in the Union, measured by the "value added by manufacture"? In total value of manufactured products the Commonwealth was eighth largest, with a total output of \$2,467,599,210 for the year. The Commonwealth also is the eighth largest state in population. The total value of new building contracts awarded in Massachusetts during December last was nearly five times as much as in the average December of the previous ten years. New orders received by Massachusetts factories are averaging about 40 per cent greater than a year ago. Consumption of electric current in Massachusetts during 1940 was the largest for any month ever recorded—94 new manufacturing firms began business in the Boston metropolitan area during 1940, making employment for approximately 3000 persons. The first American typewriter was designed by Charles Thurbar in 1843 and made by William H. Brown at Worcester. Newburyport was set off from the old town of Newbury and incorporated in 1764. Municipal officials, motorists' associations, local planning boards and business organizations are strongly endorsing the three identical bills, House 157, 168 and 415 to permit the state to build limited access highways where necessary to protect motor travel. Sponsors of the measure are the State Planning Board, the Department of Public Works and the Massachusetts Federation of Planning Boards.

Mary: In what branch of the service did your friend the cowboy enlist?

Jane: In the navy. He's now riding the range in a galley.
